Customer Reviews

As advertised.

Although I have not yet used this book, I believe I am happy with it including it's condition and the delivery time.

I am a Civil War reenactor and also a Classical Guitarist. I have worked through a number of these pieces and find they are generally appropriate and add a nice atmosphere to the reenactments. While the arrangements are generally good, there are a fair number of typos through the book and places where the tabulature does not match with the standard notation. But, I believe most of these are easily resolvable and worth the effort to work on.
