I'm so very glad I tried this 'stained glass' colouring book. There are only 16 designs and it's more expensive than other books but worth it because the results are gorgeous; they could easily be hung in a window. The 'paper' is transparent. I used Prismacolor pencils and the colours laid down smoothly; even the darker blues, greens and purples let the light through. I hope there will be more of these in the future.

I LOVE this book! It's my favorite coloring book by far, and I have a lot of coloring books. The designs are perfect. I plan on putting them in my windows.

Very nice stained glass coloring book. Some patterns are repeated from other stained glass coloring books, but still very enjoyable.
