# Curious George Discovers Plants (science Storybook)

## Synopsis

George's friend Chef Pisghetti makes the most delicious vegetable soup! When the chef is running low on fresh vegetables, George wants to lend a hand in the rooftop garden--but he has a lot to learn about greenery. Come along as George discovers all about gardening, plants, what makes them grow, and why they're important. Based on the Emmy-winning PBS show, this story is filled to the brim with additional facts, real photos, experiments, activities, and more. Learning about science has never been so much fun!

Best Sellers Rank: #773,165 in Books (See Top 100 in Books) #57 in Books > Children's Books > Science, Nature & How It Works > Recycling & Green Living #4113 in Books > Children's Books > Education & Reference > Science Studies > Nature

Age Range: 4 - 7 years

Grade Level: Preschool - 3

## Customer Reviews

The Reys were born in Hamburg, Germany. Hans Augusto Rey (1898-1977) met his wife-to-be, Margret (1906-1996), at a party in her father's home in Germany; when he first caught a glimpse of her, she was sliding down the banister. In their twenties and thirties they lived in Paris and in Rio de Janeiro, where Hans sold bathtubs in villages along the River. Eventually Cambridge, Massachusetts, became the Reys' home and community. Throughout their lives the Reys created many lively books together, including SPOTTY, PRETZEL, and lift-the-flap books such as HOW DO YOU GET THERE? The manuscript of the first Curious George books was one of the few items the Reys carried with them on their bicycles when they escaped from Paris in 1940. Eventually, they made their way to the United States, and CURIOUS GEORGE was published in

1941. Their incorrigible little monkey has become an American icon, selling millions of books and capturing the hearts of readers everywhere. CURIOUS GEORGE has been published in many languages, including French, German, Japanese, Afrikaans, and Norwegian. Additional Curious George books followed, as well as such other favorites as CECILY G. AND THE NINE MONKEYS and FIND THE CONSTELLATIONS. Visit [www.curiousgeorge.com](http://www.curiousgeorge.com).

Great kids book.
