Medicinal Herbs: 2 Manuscripts: Marijuana: Growing Cannabis And DIY Cannabis Extracts

Synopsis

This book will teach you everything you need to know about growing cannabis. In this book, you will learn how to select the best seeds, how to grow cannabis indoors as well as outdoors, how to take care of your cannabis plants as well as when and how to harvest your cannabis. Very few plants can be used for both recreation and medicinal purposes such as treating insomnia, anxiety, and stress, among other things. You may probably know all the benefits that this plant can offer; however, you may not have a reliable supplier with the kind of cannabis you want. What then do you do? Your best option would be to grow cannabis. But you can only have the best marijuana with the right information on growing this plant and this is where this book comes in. You're about to discover how to grow and harvest cannabis plants. Here is a preview of what you'll learn: What makes cannabis great for medicinal and recreation purposes Getting started: seed selection Indoor versus outdoor cultivation Setting up for indoor cultivation Setting up for outdoor cultivation The growing process Harvesting Much, much more! Customer Reviews

This book basically tells you everything one should know about cannabis. It is a rather interesting plant and by the looks of it, the book guides you through the process of growing it. The book covers all the specific points one needs to know for growing it. Overall, I definitely recommend this book.

If you want to grow their own cannabis and to prepare extracts from this amazing plant, then set this book is for you! In these two books, you'll get excellent information for growing marijuana and a lot

of interesting information about the cannabis extract. Recommend!mend!

This is my first book on the subject. Even though I cannot obviously compare it to other similar books, I can truthfully say that if this is your first book, it is well worth paying full price if you are so inclined.

Its fantastic. Lots of full color images and the writing feels like she is kindly teaching you everything. Do not miss this book if you are interested in herbs. I love it. Thank you Rose for this fantastic work!!

Medicinal herbs for all the herbal medicine lovers. Really enjoyed it practically and reading both. Nice effort to keep it simple and precise. I really enjoyed reading it.

Did you know that cannabis can treat stress, insomnia and anxiety? Full guide to medical herbs. I can definitely recommend this book!

Really an informative book. Tells lot about how we can get medicines in a nature way.

I Have enjoyed by reading this book. In this book I have learned a lot of information. Very informative and interesting book. Highly recommended..
