Customer Reviews

"He needs a nice warm jacuzzi, says my stegosaurus Suzi. He needs some time in bed, says my woolly Mammoth Fred." Cute rhymes, adorable illustrations, and imaginative plot give Elwyn Tate's story fives stars of fun. I really enjoy this author and with a friend's child on the way, I'm going to be getting them in paperback to give to the new parents. A child can let his imagination go wild with this story of a Pteranodon's sneezing. The sneezing fit is cured by his little human friend's reading up on dinosaurs (teaching a child that answers can be found in books, very nice touch), and learning that dinosaurs do better in warmer weather. Off they go to the tropics and the Pteranodon gets better just in time for the Allosaur to lose his roar.

These books are adorable! Dinosaur fans of all ages will love reading these cute to read books!

Love the illustrations!

This is a great addition to the other 2. 8 yr old grand daughter now reads these to 1 year old grand daughter.

I have read this over and over again to my 6 year old granddaughter, she loves it!

This little series of books is so cute. They are well written and easy to read (the flow of the rhyme is nice) and easy for a child to follow without being too simple. My grandson has asked what a few words mean and that is wonderful when a book can inspire a child to be inquisitive. If the story wasn't interesting to him - he wouldn't bother to ask what the word meant in order to understand the story. The pictures are cute and it is just a very well put together children's story.

My son's absolute favorite! I always look forward to Elwyn's books!

Super cute book that my 7yo stepson loved. It is easy to read, great illustrations, and a fun story. He loves dinosaurs and I love him reading so this was a win-win. The content is a little young for him, but we both thought it was cute. I recommend this more for probably a 3-5yo, but if you have a dinosaur fan like mine, they would likely still be entertained.

Both of my kids have loved this author. These books have an ease in the rhyme, they have cute stories, and the pictures are fun to look at. My son is eagerly awaiting the next edition of the dinosaur books; the Allosaur Lost His Roar. He keeps asking me what day it'll be done. It's nice to see him so in love with these stories.
