Customer Reviews

Conrad Schmitt is the former editor-in-chief of McGraw-Hill Education's foreign language and ESL publishing program. He is the author of several textbooks for learning Spanish and French.

I've never taken a formal Spanish class and I find the text to be hard. Not bad hard, but good for me bad. I meet with a tutor weekly, a native Spanish speaker, and she finds some of the lessons and questions to tax her brain. I would not consider it to be a beginner's book only. It covers verbs from A to Z, including the dreaded subjunctive form; a mind boggling amount covered in the chapter on Pronouns. So, I'd say I like it, as in it's full of very useful information; some of the sections are a little too formal (i.e. in real life, I'd never give such formal, convoluted responses to questions. Price is fair, also.

I am a MFL teacher and while I have a hardcopy of this book, I'm going to be using this kindle edition for my son who is now doing Spanish in Secondary school. I used it way back when I was a student in High School and I'll be using it with my son too!

Easy to comprehend which makes it very accessible and practical for students.

Great book when used with a tutor.

Love all the different exercises!

Has improved my son's Spanish 100%

It met my needs perfectly. Thank you

Used for a college course
