God Loves Laughter

Synopsis

This is the hilarious story of a poor boy from the Middle West who became one of America's topflight TV stars. But he was bothered with a boyhood dream and eventually left the big time. He made his home in three continents and became a much-loved world traveller. Through all the laughter - as it's uproarious at times - there is an underlying serious note, and the fact that his dream came true and brought him long-sought spiritual assurance is a considerable satisfaction to the reader.

Customer Reviews

The first (and funniest) book I ever read by this author. Hilarious autobiography (how did this mischievous kid live to grow up?). I particularly liked the part about ice skating in the kitchen..... and convincing his sister he was God.....or the time his sister was almost burned at the stake (oops!). The marriage proposal was unique, too -- as was the courtship. Highly recommended. I've had to buy extra copies because I keep loaning it to friends and it doesn't always come back.

This is one of the funniest books I have ever read. It is lighthearted, enjoyable, and informative. I like to share it with my friends. Has been an old standby for many years. A great summer on airplane read. A wonderful way to introduce people to the Baha'i faith.

"God Loves Laughter" is, all at the same time, delightfully humorous and spiritually profound! It is not one of William Sears most thought provoking books, eg, "The Wine of Astonishment," or "Thief in the Night," but it a book deserving a a place on the shelf where the reader is able to reach in

easily in order to read and re-read timeless passages. From beginning to end, it is a book easily read in one fascinating sitting!

This book is so funny & so touching - a wonderful read about a spiritual search. I met the author many years ago - what a treat!

I love this book and I will likely read it a few more times. I have been recommending it to all of my friends who like the type of book. My wife and I read this book together and we often fell into uncontrollable laughter.

I'm about 5 chapters in and totally intrigued!

Fun and touching!

An interesting autobiography with a remarkably light and amusing touch. An easy read.
