Webster's Blue-Backed Speller And New England Primer

Synopsis

Both "Webster's Blue-Backed Spelling Book" and the "New England Primer" were basic, foundational textbooks used in the schools of our republic in the 18th and 19th centuries. These two testbooks will prove that our founding fathers expected moral truths to be taught in every school subject. These two valuable basic American textbooks together in one volume remain a valuable teaching aid for home schooling or supplementary help for public school students.

Book Information

Paperback: 176 pages

Publisher: Hearthstone Publishing, Ltd. (December 1, 1999)

Customer Reviews

This book has been enlarged from the original New England Primer.

I've used this for a number of semesters in my reading classes teaching undergraduates about the history of reading instruction. I don't think I would recommend using this for home schooling without some training or background.

Received this book and it was in like new condition. I am very pleased and satisfied with this purchase. It is a clear facsimile reprint and it will be up to me to go through it and plan lessons.

This book is great tool to use to teach anyone how to read and spell the English language properly. Using this method there is no "Guess and Say" as with the whole language methodology used in the public schools.

A wonderfully useful tool. One of my favorite quotes comes from the New England Primer.

Overall Great, but the ABC's block prints have been reprinted, xerox'ed and photocopied and scanned over and over again that the quality of those Bible drawings is extremely disappointing. All the content is there though.

Great piece of grammatical history!!!

I am very happy with this book, it is a good addition to our homeschool collection...Book is in excellent shape, good price and fast shipping. Thank you.

It's nice having both in one volume.
