Customer Reviews

I'll be traveling back to Melbourne for vacation and it's been seven or so years since I've been. This travel guide is perfect for helping me plan our vacation as well as providing both small pocket sized maps as part of the book and an attached map as well. I love that I can slip this book in my purse. It contains helpful information like the cost of admission for some places (the aquarium for example) as well as that you want to go to Queen Victoria Market on a Sunday when there are more artisan vendors for souvenir style shopping. I'm only about 50 pages into the book and already have a list of places I want to visit and might want to visit depending on how much free time and money I can afford to spend. This book is helpful but to the point. Don't expect suggestions on when to visit, travel visas, and other information that you can expect from the full-size books. It was exactly what I needed. Would recommend for tourists.

Excellent guide for a 5-7 day visit. Contains sufficient detail to guide you around the City with ease. We carry it with us daily to ensure we have ready reference.

Perfect size for travel. Fold out map is a plus.

Great book for your travels- I really liked the maps and description of the locations.

Not enough detail. Other guides (Frommers) gave better ideas as to where to stay and what to do.

useful

Birthday gift for daughter-in-law who is on her way to Melbourne right now so we will find out how well it works for her.
