The best maps made! Always accurate with every road - even small ones.

Best map out there! We never got lost driving in Sardinia. This map is very durable and easy to fold.

Great Fun

This map was great. It showed almost all of the roads and the paper is sturdy and can be spilled on, folded many different directions, and stepped on as it falls to the floor in the car. The only way it could be improved is to do a better job on the road numbers, they are often hard to find or to our knowledge nonexistent on the map. This is the map for a road trip in Sardinia.
