Manifesting 123: And You Don't Need #3

Synopsis

Have you ever had the sense that your thoughts might actually be doing something? Imagine you are a genie and everything you wish begins to form up right in front of you. First is the thought and thought creates form. The author's experiences and the stories in this book describe exactly how your thoughts take form. You have been doing this all your life, but it has never been fully explained for you until now. At last, the true Secret is revealed about how thoughts create reality. This is the game changer, the real knowledge behind the workings of manifesting and the law of attraction. This is that rare book with fundamentally new evidence that will change your view of the world. It clearly and simply explains creation itself. For 20 years, author Ken Elliott has experienced sending objects in thought and having them appear in real-time. This is a core Truth, and now the knowledge is yours to apply in your life. Manifesting 1,2,3 is a results-oriented book and not a series of exercises or complicated techniques. There are amazing stories in this book, some even spectacular. Over and over, people talk about their successes using the method described in this book. They say, "This is so simple" and "It just works!" Do you long for more? What would you wish for your life if you had the chance? You will soon learn how to create the desires of a lifetime while overcoming the worries and blocks that impede your happiness. You will fully understand how to use thought as a powerful tool. No more wishing and hoping for results. This important book contains a Key to the Kingdom and now it is simply and amazingly yours. Get your copy and start pointing yourself toward happiness! "All truths are easy to understand once they are discovered." Galileo Galilei www.Manifesting123.com

Ken Elliott is an author and artist living in Castle Rock, Colorado. He has experienced and collected astonishing stories for over 25 years. In a unique and convincing way, Ken learned how thought works, building objects and concepts in the unseen field around each of us. Ken is an accomplished speaker, passing this empowering information on to individuals and groups.

I've been interested in this kind of thing for most of my life, and I'm convinced that our thoughts shape our experience. Up until a few days ago, I'd never heard of Ken Elliott. I saw an interview with him, and he impressed me as an interesting, humorous, genuine, humble guy. Shortly afterwards, I downloaded the Kindle version of this book. It is an excellent book, and I heartily recommend it. His system is simple. There are no prerequisites to using what he offers. You don't have to have a perfect character and history. It is not necessary to have access to arcane knowledge; there are no ancient rituals to perform and you don't have to endure a special diet. There is no padding in this book, and no B.S. Just useful ideas and inspiring real-life stories. I've read books on this theme by some big-name authors, and they were worth reading. But right now I'm thinking this is probably one of the best books available on creating your reality. Thank you Ken. Best wishes from Stephen Coote, Nelson, New Zealand. PS: This is the second review for this book I've written. The first one disappeared into cyberspace. Maybe it will re-appear.

This was a really good read and there were things in it that I didn't know - like having things gradually manifest and become solid the more you put energy and emotion into them. That was fascinating to me. I loved that the author shared really fascinating personal experiences.

This book is laid out in an easy to understand style with simple steps to follow in order to create the life you want! Anyone can do this if you can think and feel! Thoughts are powerful energy and this book explains just how to harness those thoughts to manifest your perfect future. A must read for anyone who wants to change their life!! I know it has changed mine.....

Ken has done an excellent job in explaining manifestation. Other publications I've read were weighed down with unnecessary filler and marketing material. Ken's book cuts through all of that, and gets to the point. I'm trying this now, and will update as things begin to happen!

I was not sure about this but As a Christian, this book allows me, to use prayer to be more positive and grateful. It has changed my life already

It was a quick read. Looking forward to creating.

So great!! I got the audio and fell in love with it!!!

Great Book would recommend
