Customer Reviews

The songs in this book really were amazing, and it helped me improve many things, including my range in higher notes and my tone quality in those notes. I would not recommend this book to a beginner, but if you have at least two years of playing experience or more, this book is PERRRRFECT.

My 6th grade, advanced tuba player is thoroughly enjoying this collection and I am enjoying the piano accompaniments. This is a good quality collection that is pleasing to the ear.
