Golf In Denver (Images Of Sports)

Synopsis

Golf in Denver looks at the people, places, and events involved in the grand game in the Denver area for more than a century. The photographs in this volume chronicle the sport in Denver beginning in 1896, when it was played nearly exclusively by a handful of socially prominent, wealthy Denverites, to today's popular sport played on dozens of courses dotting the metro area. Casual and avid golfers as well as history buffs will appreciate the stories behind the game, including an in-depth look at how local courses were established, tales of well-known people, and accounts of women and minorities involved in local golf.

Great history

Gave this book to my husband who has played the game for over 40 years. He loved it!! He even showed it to the "Pro" who operates the 9 hole par 3 golf course on our community grounds. The "Pro" thought it was interesting.

very nice condition

A great history of Denver golf. It starts off nice and slow but loses track of courses. Pictures were awesome, it would be nice to see a follow up to this book with today's courses and revisiting yesterdays
