Environmental Art 2017 Wall Calendar: Contemporary Art In The Natural World

Synopsis

The Environmental Art wall calendar is an exemplary collection of this modern art form. One of the most exciting art movements of our time, environmental art celebrates our connection to the natural world through beauty, science, metaphor, and ecological restoration. It encompasses a surprising landscape of approaches, from ephemeral art in nature sculptures designed to last only a few hours before returning to the earth, to community-based eco-art installations that clean up polluted watersheds and promote public understanding of local and global environmental issues. A year of cutting-edge Environmental Art on your wall. Frameable artbook-quality printing. The perfect gift for anyone who loves Andy Goldsworthy, Martin Hill, Nils-Udo, land art, and the earth art movement. A showcase of exceptional photographs of contemporary earth art installations. Each artwork is accompanied by the artist's mission statement and bio. Features thought-provoking work by internationally recognized artists such as Steve Messam, Simon Beck, Ichi Ikeda, Jason deCaires Taylor, and Strijdom van der Merwe. Printed on FSC® Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the world's major religions. The projects featured in the Environmental Art wall calendar represent some of the cutting-edge developments in this field.

Customer Reviews

We have purchased several of these calendars the past few years. This is another very well done

calendar with a lot of interesting art. It is art that is about the world around us and says so much. I have to put a plug in for the blue spiders. They are just gorgeous.

This endlessly beautiful and creative calendar delights. The natural scenery is enhanced by clever artistry. Everyone who sees the environmental art asks about the images and takes a closer look. Whenever I think I've found 'the best' photo I'm wrong. Each image enchants anew and makes me want to go outside and create. Give it to yourself and that hard-to-buy-for someone. You'll start a new tradition. Be sure to look for it in late summer; this calendar sometimes sells out and you don't want to miss it.

This calendar is so beautiful. I am a huge fan of environmental art and every month has beautiful work.

Environmental Art reminds us our relationships and interactions/interdependencies with environment that we all too often ignore or choose to overlook. Through beauty, whimsy and creativity these images provide us with an invitation to question and reflect on our relationship with the natural world - which supports us, more than we currently support it.

beautiful

Buy several of these each year as Christmas gifts and one for myself

Great pictures....look forward to 2018 so I can frame the 2017 pictures.

Beautiful, nice quality photos. Nice heavy paper and reasonable area for writing in the calendar boxes. It was a gift and my friend who is passionate about caring for the environment and she did like it.
