My friends just moved to Boston so I sent them this book which is full of maps and other cool

things. I have been a moleskin fan forever, and many of my friends laugh because they think whatever I can do or find in this book, their smart phone can do better. They just don't get "journaling" and when their batteries run out, we will see who gets the last laugh! ;-)

I am obsessed with travel notebooks and this Moleskine fits right into my collection. I love that it is city-specific with its own map... There is also plenty of space to write whatever I want! The sellers were awesome and the shipping came right on time!

Very nice product!

Nice journal, inspires me to write down all my trips to Boston, places I stayed at and restaurants I went to. Maps are a little different to what I have on my computer, but maybe it's because it is printed.

Great, prompt service. Excellent value. I will use this vendor again.

City book for Boston was new but not a recent copyright. What is the latest release year of this notebook?

It's really a nice product to anyone that likes to travel. It's amazing how useful it is, once it is small enough to put in your pocket and it's full of very good information. It's Fun and Easy to carry on. And the most important :NO BATTERIES REQUIRED !

This is a great notebook, it's on the smaller scale so it fits in a handbag, but isn't too small that it is difficult to write in. I have found the included maps to be very useful. Good price, fast shipping, good seller
