Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the

world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

Very narrow focus. Only including the main part or suburb of Vancouver and not the entire city.

Arrived FOLDED in half. Pretty disappointed as we were putting it in a gift basket.

Great help to planning our trip.
