Margaret Wise Brown--probably most famous for writing "Good Night Moon "and "The Runaway Bunny"--was also a prolific and bestselling Golden Books author. Her "Golden Egg Book," "Home for a Bunny," "The Color Kittens," and "The Sailor Dog "count among the most popular storybooks for children of the last 60 years.

Loved it in English, love it in French. Baby shower gift for native French speakers working in the US.

It's Goodnight Moon... in French. Great book. Where's le mouse.

Great starter book for children learning french.

This book WONDERFUL for incorporating first French vocabulary into our bedtime routine. My kids take French lessons, so they were familiar with some of the words when we got it, but they learned the rest and they never get tired of hearing it and pointing to all the items named in the story. Now they enjoy hearing it as much as the English version.

SO VERY NICE

In the size and quality of this product. It is exactly how it is described, but in my mind I was picturing the english version. The colors aren't as good, and the translation loses a lot of the charm of the story, but it is still a good tool for anyone teaching their child a second language.

We purchased "Good Night, Moon" in both Spanish and French (as well as English) because our son loves the story o much and it seemed a good opportunity to expose him to other languages. As a non-native French speaker I find this book a bit harder to read that the Spanish version (seems an easier language to me), but we are still aving fun muddling through. My only complaint about this book is it's size - it's fairly small.

We bought this to expose our granddaughter to French language sounds. My husband speaks french to her all the time and this book is a nice story to tell her. We are trying to find the book in other languages as well.
