Encyclopedia Of Spirits: The Ultimate Guide To The Magic Of Fairies, Genies, Demons, Ghosts, Gods & Goddesses

Synopsis

Enter the World of Spirits! The Encyclopedia of Spirits is a comprehensive and entertaining A to Z of spirits from around this world and the next. Within these pages meet love goddesses and disease demons, guardians of children and guardians of cadavers. Discover Celtic goddesses and goddesses of the Kabbalah, female Buddhas, African Powers, Dragon Ladies, White Ladies, Black Madonnas, the Green Man, the Green Fairy, lots and lots of ghosts, djinn, mermaids, fairies, and more. From the beneficent to the mischievous, working with these spirits can bring good fortune, lasting love, health, fertility, revenge, and relief. Discover: The true identities of over one thousand spirits (as well as their likes and dislikes) How to communicate with specific spirits for your own benefit How to recognize these spirits when they manifest themselves The mythological and historical events associated with specific spirits The colors, days, numbers, and astrological signs associated with specific spirits The Encyclopedia of Spirits also provides an overview of the role of spirit communication throughout history and a general guide to working with spirits. No matter what your life's problems or desires, this book can guide you to the right spirits who can help fulfill your dreams. For the spiritual adept, the amateur, or the simply curious, the Encyclopedia of Spirits will inform, inspire, and delight.

Customer Reviews

Judika Illes is an independent scholar, educator, and author of several books of folklore, folkways, and mythology. Judika is a graduate of Rutgers University and has a certification in therapeutic

aromatherapy from the Australasian College of Herbal Studies. Her books include Encyclopedia of 5,000 Spells, Encyclopedia of Spirits, The Element Encyclopedia of Witchcraft, The Weiser Field Guide to Witches, and The Weiser Field Guide to the Paranormal (published under the name Judith Joyce).

I. Love. This. Book. This is a seriously incredibly encyclopedia of familiar and unfamiliar spirits from a diverse array of cultures. This book also includes alternate names, attributes, what to put on an altar, pop-culture references, etc. It also has sections explaining deity paths and pretty much everything one might need to know if they want to worship one of these spirits. If you're contemplating buying this, just do it. You won't regret it.

Has very little information on demons, even though they are listed on the cover. Missing important gods of different pantheons, including Ra. Lots of information and a good starting point.

Concise and detailed. While I would not call this book a one-stop source encyclopedia, it does make a perfectly fine addition to any spiritual/occult library and is a good source for a wide variety of information. What it lacks in quantity it easily makes up for in quality.

Came in great condition, almost feels as if it's brand new, and I love learning about all different types of spirits, gods, and goddesses! Judika Illes is one of my favorite trusted authors on witchcraft.

I ordered this for kindle. I'd definitely suggest coughing up the extra cash for a print version because I am now also ordering that. Reference is so much easier when you can flip through its pages. The book itself is the best I've ever seen of its kind and has been so helpful on my spiritual journey. It is perfect in the way that it has enough information on each spirit to let you know if you are interested in researching said spirit any further. Name obviously. Then brief history and relation to other spirits. As well as color, metal, number, animal, and plant associations. Sometimes it will have advice on how to work with the spirit as well. Great book. Can't wait to hold it in my hands. I sense I'll get use out of it for years and years to come. Would recommend to anyone from any walk of life or belief system. It's brilliant, well researched and so interesting.

Rare tome includes names of djinn. Eclectic and invaluable.

Excellent book. Very informative.

This book has a vast amount of informative diefic history. I very highly recommend this book to anyone interested in the occult or magick in general.
